

THE BANK OF THE NATION

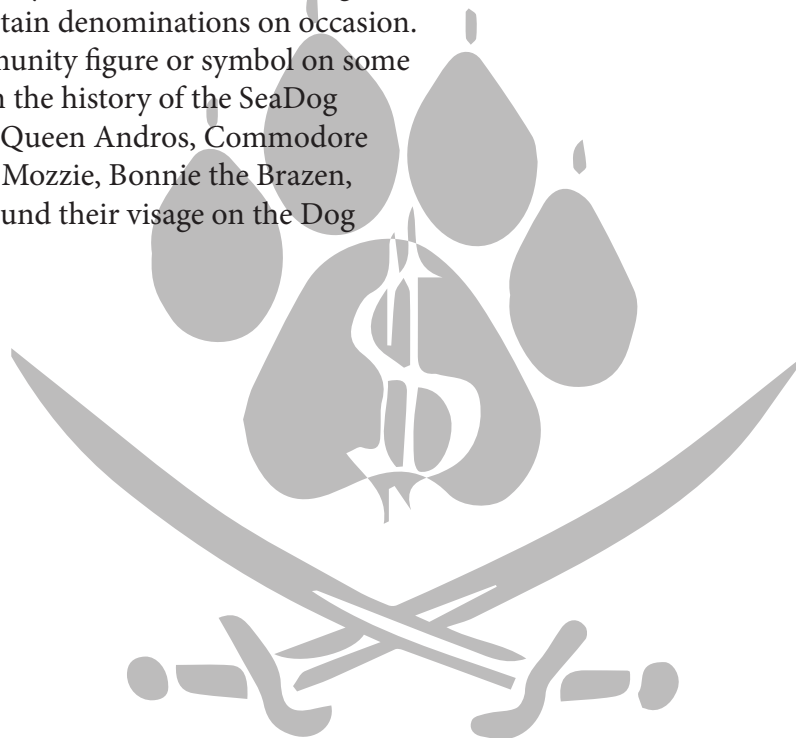

DOG POUNDS

A National Currency

Bank of the SeaDog Nation (BoSD) is the official bank of SeaDog Nights & Gypsy Carnival. The Dog Pound(dp) is the official currency that is used by The SeaDog Nation. The Dog Pound(dp) was originally used within the Dog of the Sea Competition. It has evolved into a Nationwide currency that can be earned and spent in various ways throughout SeaDog Nation. Every attendee of SeaDog Nights is given a predetermined amount of Dog Pounds(dp) upon entering the event. This is to encourage all to participate in our games of piracy.

Dog Pounds(dp) are meant to be spent in any manner at our events, the value of the currency is usually decided upon by the involved parties of a deal. There is no real-world equivalent for the Dog Pound(dp), and transferring Dog Pounds(dp) for real world currency is not allowed. The variety of ways to spend your dp are numerous, and their use is not limited to events. If you're involved in the Sea Dog Nation Chat group as well as other official groups on Facebook, you can catch items or services for sale by individuals and transfer your funds by messaging the Bank of the SeaDog Nation (BoSD).

The faces, shapes, and sizes of the Dog Pound(dp) will vary depending on the denomination. Auctions have been held by the Bank of the SeaDog Nation (BoSD) to determine the face of certain denominations on occasion. Parties can bid to place an important community figure or symbol on some of our Dog Pounds(dp), and hold a place in the history of the SeaDog Nation. Governor Zorgon, King Sasha and Queen Andros, Commodore Morgan, Nickeless Nickelful, Captain Deb, Mozzie, Bonnie the Brazen, Governor Tasha, Astrid, and others have found their visage on the Dog Pound(dp) one way or another.
